OUR GOALS

- To improve the quality of the VET's training systems and the adult education practices through innovation, research, and digitalization at national and European level.
- To promote innovative ways of vocational education and training, focusing on innovative training content and new methodologies for reskilling and upskilling of adults.
- To support development of different competences, personal and professional skills in different fields.

Co-funded by
the European Union

OUR CORE ACTIVITIES

- 1 Implementation & development of EU educational initiatives (mainly ERASMUS+ projects):** carrying out projects at European level in VET and AD in the areas of ICT, social integration, entrepreneurship, eco-tourism, sustainable environment, new methodologies in teaching and learning, community development and healthy life style (mental well-being, active ageing).
- 2 Organization of Learning & Trainings Courses** in different fields (ICT, social integration, entrepreneurship, eco-tourism, sustainable environment) and for different target groups (entrepreneurs, adult learners, students, disadvantaged people-migrants, NEETs etc) at national and international level, providing educational learning materials, innovative teaching methodologies and tools for everyone
- 3 Consultancy & Capacity Building:** providing consultancy to companies, organizing courses and improving skills and competences of individuals, companies and organizations through education and training at local, national and EU level.

Co-funded by
the European Union

TRAINING 2000 ADDED VALUES

- Training 2000 has gained great expertise in past EU Projects and has a wide network of partners both at local and international level. It can be a key factor in dissemination and sustainability activities.
- Training 2000 has experience in training of youth, adults and professionals in various areas and sectors.
- Training 2000, has a strong network of stakeholders and companies (small and medium enterprises) public bodies, associations and VET centres to support the project and give contribution on the territory.
